SELL MY DEVICE PROGRAM

YOUR CUSTOM SELL MY DEVICE MICROSITE allows your customers to sell their unwanted, used and broken electronics for in-store credit to your store. Sell My Device | eReplacements works behind the scenes to handle all aspects of the buying process including shipping, triage, testing and ultimately paying your customers and paying your store a commission for all the devices purchased. Here's how the process works:

MARKETING

We'll create a custom Sell My Device microsite for your store. You will drive traffic to your custom microsite with graphics and a **free in-store Pop-Up banner** which we create for you.

YOUR MICROSITE

Customers who click on the link or scan the QR code on your signs will be transferred to your Sell My Device microsite to locate the device they want to sell and view prices.

IN-STORE CREDIT

Customers will come to your store with a receipt to drop off the device and receive their in-store credit. Your customers can use the credit to buy new technology from your store.

SHIPPING AND INSPECTION

Once a week, select the devices you are shipping to us through our manager site. You will receive a **free shipping label** and ship to our warehouse. Our team inspects and tests the devices and verifies their condition.

PAYMENT PLUS COMMISSION

We reimburse you once a month for these device credits plus a **15% commission.**

BENEFITS TO YOU

- **EASY INTEGRATION** - Seamless integration with your store website with very little IT resources needed.
